Welcome to Hemknoll

"Home of Fine Hems Since 1931"

Everyone knows that "we only have one mother" and in this respect I had a wonderful one who taught me to like many of the nicer things of life among which was the love of plants and things that grow. I should like to dedicate this little booklet to the memory of the Mother that passed away last December.

The cool late spring of 1958 had much to do with the late season that many parts of the country had last year. While reports of Daffodills blooming in February in the northwest and Daylilies not at the height of bloom in late May in Texas were the rule last year, we feel very fortunate that while our season was a bit mixed up and somewhat late we did have the best bloom and the nicest growth that we have experienced in a number of years.

With many new varieties blooming for the first time, others blooming on established clumps for the first time our garden was particularly interesting. As usual we have added a good number of the better new varieties that we have seen in many parts of the country and these should be interesting to compare with our own seedlings that have attracted more attention each year.

In our new Bright Day and Bright Spangles we have two unusual and colorful daylilies while both Chatham and Moon Maid are particularly fine for landscaping because of their fine habits and free flowering. A number of other additions were also made now that enough stock has been grown to offer them. Several other perennials that are useful in any garden have been added. Space limits the numbers that we can add as we have quite a few others growing here.

We sincerely wish to thank our many customers for the chance given us to serve them in past years and particularly for the many nice letters about the quality and condition of their plants upon arrival. These fine comments are most gratifying and we expect to continue warranting them in 1959.

CULTURE—Daylilies are among the very hardiest and easily grown of all perennials. They will grow in most any type of soil, however it is best to avoid low wet spots. They do best planted where they will get at least 4 hours of sunlight a day. Thorough watering at blooming time will give larger and better colored flowers. When once established they need no moving for years. Complete planting instructions will accompany each order, as well as growing hints.

SHIPPING—March 15 thru May and August 15 thru November. All plants are husky, freshly dug, labeled true to name, and carefully packed. We take pride in our quality of plants.

TERMS—Cash with order. Orders of \$4.00 or over **prepaid**. Add 50 cents for packing and postage on orders for less. **If you add 50 cents for postage to any order over \$5.00 you may select any \$1.00 plant as an extra.**

PREMIUMS—Orders for \$10.00 to \$25.00 select 15%, over \$25.00 select 20%, in **EXTRA PLANTS**. Or we will send you something extra that we hope you will enjoy. *No discounts* on collections or items marked net. You will like our husky plants.

LEGEND: E—Denotes early bloom; M—Midseason bloom; L—Late bloom, Height in inches. The D., E., or S.E. following description denotes that a variety is a dormant, evergreen, or semi-evergreen variety. Number preceding variety indicates position in 100 Most Popular as selected by members of the American Hemerocallis Society in 1958 Popularity Poll.

WELCOME—For those of you who can, we welcome your visit during July and August—the height of our season. Here you can see over 500 varieties in bloom as well as many of our own seedlings. We are located on Reynolds Avenue in Troy Hills, about halfway between New Jersey Highways 10 and 46. Best to phone first. TUCKER 7-2710.

- AMBER FLAME (Stevens '56) ML 40" Huge triangular buff apricot self. 3.50
- BRIGHT DAY** (Baker '59) ML 48" Large, widespread, broad petaled non-fading rose red with yellow green throat. Good branching, sturdy scapes with several flowers out at once makes this a fine one when in clumps as the blooms face out. D. Net 12.00
- BRIGHT SPANGLES** (Baker '59) M 42" While this medium sized, almost flat open flowers appears to be a dazzling orange red, upon close inspection it will be a rich gold that is very heavily dusted with a brilliant red. The sepals are more heavily dusted so that it's a true reverse bicolor. A green gold throat, slight fragrance, broad petals, and sunfastness lends to its excellence as a bright spot in any garden. 35 buds. D. (*Picture on Cover*) Net 10.00
- CENTURION (Stevens '56) ML 40" A fast growing, glowing red between Napal Red and Brazil Red with as many as five blooms out at a time on very well branched scapes. The medium sized blooms are broad and widespread. S.E. J.C. '55. 6.00
- CHATHAM** (Baker '59) L 33" An addition to the later flowering day-lilies and one that is particularly fine in clumps for your landscaping. A very broad petaled, flat open faced, golden butterscotch with slight darkening in throat and slightly recurving at tips of petals. Picked by many visitors for its fine flowering and growing habits. D. (*Picture on Page 4*) Net 5.00
- CONFIDENCE (Baker '46) M 34" Very broad vivid salmon peach flowers with greenish throat. Late in the day fades to a smooth pink. Wonderful grower and parent. D. 7.50
- KEY LARGO (Baker '55) L 32" Full, widespread 5" light cream good for prolonging season. Heavy bloomer. S.E. (*Picture on Page 12*) 3.50
- LIME RIPPLE (Baker '57) M-ML 38" Ruffled, fragrant, sun-proof yellow. This one stays open late in the evening and has that greenish yellow coloring so useful and cool looking in the garden. Full, widespread blooms of good size. S.E. (*Picture on Page 12*) 12.50
- MISTY GOLD (Baker '58) M 34" (Mission Bells X Sdlg of yellow and pink parentage). This fragrant, broad petaled, soft, pale misty yellow with slightly reflexed petals that have a slight creping, wonderful substance and extra fine branching. D. (*Picture on Page 4*) Net 15.00

MOON MAID

REVELATION

- MOON MAID** (Baker '59) ML 30" [Twilight Time X (Sdlg X Duch. of Windsor) X Chloe]. Wonderful branching, sunfast cream yellow with much lighter midribs and margins. Nicely ruffled, widespread blooms in abundance make this a wonderful landscaper. D. (*Picture above*) 5.00
- PLUM GOOD** (Baker '57) EM-M 36" (Victoria X Canyon Purple) Huge blooms in a rose plum with a cream midrib and more green in its make up than I have ever seen in daylilies. Full slightly re-curved petals are 2" wide. One of the few dark ones having fragrance. Good branching, repeats. S. E. 8.00
- REVELATION** (Baker '55) M 30" (Orange Sdlg. X Samarkand) Huge absolutely sunfast, broad, widespread blooms of rich cinnamon. Remains open late. S.E. Fine parent. (*Picture above*) 6.00
- SIBONEY** (Stevens-Baker) M-ML 34" Medium sized rich peach can be spotted across the garden. Very prolific with greenish yellow throat. D. 3.00
81. **SPLENDOR** (Stevens '55) ML 34" This exciting large, widespread, sunfast crimson with 6" blooms is, day in and day out, just about the best in the crimson class. As it nears the small green throat the rich coloring deepens. D. J.C. '54. H.M. '55. (*Picture on Page 12*) 12.50
- TEMPLE ORANGE** (Baker '58) ML 30" [(Triumph X Glowing Gold) X Naranja]. Large, broad petaled, flaring, intense orange that has proven a good performer. An absolute self with color running down into a tiny green tinted throat. S.E. 8.00
- TINKER BELL** (Stevens '55) EM 28" A novel, well branched twice blooming tiny orange that will open 5 tiny bells at once. D. 3.00

TROY HILLS (Baker '56) EE 24" Pertly ruffled, sunfast, medium sized blooms with stippled maroon zone. Good landscaper. D.	3.50
TUDOR ROSE (Stevens '54) M 30" Wide, medium sized rose to silvery pink with a yellow green throat. Dependable bloomer. D.	3.50
TWENTIETH CENTURY (Stevens '57) M 44" A wonderful branched, sun-resistant English Red bloom with a slight Brazil Red halo. The 25-30 tough and leathery 6" blooms last over a long period. J.C.	12.50
ZENDA (Stevens '58) M 36" (Petra X) #55-44. A fine new addition to the bicolor class. Extremely bright, broad red petals with light yellow sepals. Well branched. D.	8.00

ALICE (Bach) M 42" Very large, heavily ruffled, light cream with the green throat running up into this exciting flower. D.	2.50
ALLEGRO (Kraus) EM 36" A most free flowering large bell-shaped Empire yellow with sturdy, strong scapes. Real good. D.	1.50
AMBER LUSTRE (Nesmith) M 45" Large full flowers of a blended apricot yellow and light pinky orange having fine substance and nicely branched. E.	2.00
ARGONNE (Kraus) M 26" A smooth, rich plum purple self. D.	3.50
ATEN (Kraus) L 38" Large, glistening nasturtium orange on sturdy, well branched scapes. Good late one. D.	2.00
67. ATHLONE (Russell) M 38" Huge satiny buff and deep rose bicolor. Petals twist making one of the best bicolors. E.	1.00
9. ATLAS (Kraus) M 36" Huge, bold, light yellow with chartreuse overtones. This is about the finest, large flowered in this color class. D.	4.50
86. BAGGETTE (Russell) EM 30" Large, rounded, pink and canary yellow bicolor. Profuse bloomer. D.	1.00
97. BAILEY WALKER (Wood) M 34" An exquisitely colored daylily classed as a melon but it has much more pink in make-up. D.	20.00
12. BESS ROSS (Claar) M 34" A smooth, vivid scarlet, reminds one of velvet making it one of the top reds. Attracts everyone. D.	10.00
BETSY B (Vestal) E 30" Although not large, one of the brightest, rich velvety reds in the garden. E.	1.25
BLACK FALCON (Nesmith) M 30" Large, slightly fluted flower of extremely dark black mahogany with a light yellow throat cup. D.	1.00
